

# 10FT DIVE STATION WITH BROCO CUTTING

**SYNERGY**  
INNOVATIVE DIVING EQUIPMENT TRADING LLC

INSPIRING • ENGINEERING • INNOVATION

Synergy-designed 10ft containerized dive control cabin with HP cylinder rack and three-diver air panel is one of our best-selling units. Fully insulated and air-conditioned, this container is perfect for onshore marine construction projects, especially in hot weather conditions.

This self-contained system requires only an external HP compressor to charge the quads, enabling 24/7 diving operations. The supervisor is equipped with all necessary tools to ensure safe and efficient diving control in a comfortable, weather-protected environment.

#### CERTIFICATION & COMPLIANCE:

- IMCA DO23 & DO18 compliant certification package
- FMEA for complete system (OPTIONAL)
- Bureau Veritas class witness testing certification for the entire system

#### BROCO CUTTING/WELDING PANEL(OPTIONAL):

- High-performance underwater cutting tool
- Compact and easy to connect
- Safe and precise operation from dive control panel
- Supervisor can easily monitored the voltage and current going to diver

## SPECIFICATION:

#### CONTAINER TYPE:

- 10ft DNV or ISO container (as per client requirement)
- Fully insulated and air-conditioned

#### DIVER CONTROL SYSTEM:

- Three-diver air panel (Rated to 50MSW)
- AMRON 3-diver air communication system (integrated with air panel) (Primary & Secondary)
- Video systems for Diver 1 / Diver 2 / Diver 3 (or Diver 1 & 2 only, as per client requirement)
- DP Alarm (Optional)
- ITB Black box
- Each Diver lines, valves and gauges color coded
- Oxygen analyser on downstream line of each diver

#### AIR SUPPLY SYSTEM:

- 12-cylinder HP air bank, plumbed to dive panel using stainless steel tubing
- External charging point for cylinders
- Aqua regulator to regulate HP to LP going from Quad to panel (Tescom Optional)

#### SUPERVISOR STATION:

- Dive supervisor workbench
- Integrated cupboards and file storage
- Sliding door partition for easy maintenance
