10FT CONTAINERIZED DIVE SUPPORT MACHINERY CONTROL UNIT

Synergy 10FT Machinery Container Overview

This compact, self-contained 10ft Machinery Container is designed to deliver reliable breathing air within a smaller operational footprint, ideal for inshore and offshore support applications.

The unit includes a Bauer Mariner compressor, air management system, Quad and Quincy LP Compressor—all arranged for ease of use, maintenance, and transport.

A simplified cylinder bank ensures steady air supply, with plumbing and controls designed for efficiency and reliability.

Built for durability in marine environments, the container incorporates essential safety features including a fire detection and suppression system, meeting industry-standard safety practices even without classification.

Compact, versatile, and operator-friendly, the Synergy 10ft Machinery Container offers a cost-effective solution for smaller-scale or short-duration offshore projects.
