Synergy ABS-Classed 20FT Machinery Container Overview

This self-contained, ABS-Classed 20ft Machinery Container is engineered to provide both breathing air and hydraulic power in a single, compact footprint.

Designed and certified for marine and offshore use, it integrates fully compliant systems to support dive operations safely and efficiently.

Ideal for vessel or platform deployment, the container features dual Bauer Mariner compressors, a robust air management system, and a redundantly plumbed cylinder bank, ensuring continuous operation and offshore reliability.

Equipped with certified fire detection and suppression systems per ABS Marine Class requirements, it ensures full compliance and operational safety in harsh marine environments.
