900 Series Buccaneer 4-Pole Male Flex Cable Connector

900 Series Buccaneer 4-Pole Male Flex Cable Connector - PX091104P

The PX0911/04/P is a 4-pole male cable plug from Bulgin's rugged 900 Series Buccaneer connector range, engineered for reliable high-current power transmission in challenging environments.

With a durable straight cable entry design, this connector offers secure mating, excellent environmental protection, and high electrical performance.

Designed for easy field installation, the PX0911/04/P features screw terminal connections and accommodates standard cable diameters of 13–15 mm (or 7–13 mm using an optional gland pack). It is fully sealed to IP68, making it suitable for marine, industrial, transport, and outdoor power systems.

Mating with PX0941 or compatible panel connectors, this male plug supports up to 600V and 32A, making it an ideal solution for medium- to high-power equipment in wet or harsh conditions.

Technical	Specifications:
Series	PX0941 – 900 Series Buccaneer
Connector Type	Circular Socket (Female), Flange Panel Mount
Number of Contacts	7
Contact Gender	Socket (Female)
Contact Material	Nickel-Plated Brass
Body Material	Polyamide (UL94V-0 rated)
Insulator Material	High-Density Thermoplastic
Termination Type	Axial Screw
Voltage Rating	Up to 450 V
Current Rating	Dependent on application (see datasheet)
Operating Temperature	-40°C to +85°C
Ingress Protection	IP68 / IP69K (when properly mated and sealed)
Flammability Rating	UL94V-0
Certifications	UL, CSA, VDE
Mounting Thread	M6 (recommended for panel fixing)

Key Features

- › **4-pole male plug** for high-current power applications
- › **Screw termination** for quick and secure cable assembly
- › **Sealed to IP68** for protection against dust and water ingress
- › **Flexible cable compatibility** 13–15 mm standard; 7–13 mm with optional gland pack
- › **Rated for 600 V / 32 A**, suitable for industrial and outdoor power distribution
- › **Mates with PX0941 panel connectors** in the 900 Series
