

SEALIFE MICRO 3.0 UNDERWATER CAMERA

SYNERGY
INNOVATIVE DIVING EQUIPMENT TRADING LLC

INSPIRING • ENGINEERING • INNOVATION

The Sealife Micro 3.0 Pro 3000 Color Boost Underwater Camera is a permanently sealed, maintenance-free underwater digital camera designed for divers, underwater inspectors, marine researchers, and commercial diving professionals. Built with an innovative leak-proof design, it eliminates the need for O-ring maintenance while delivering exceptional image quality in demanding underwater environments.

Featuring a 16MP SONY® CMOS image sensor, ultra-high-definition 4K video recording, and advanced underwater color correction technology, the Micro 3.0 captures vivid photographs and crystal-clear videos down to 60 meters (200 feet).

KEY FEATURES:

- Permanently sealed waterproof design – No O-rings to maintain
- 16MP SONY® CMOS image sensor
- Ultra HD 4K video recording at 30fps
- Full HD 1080p recording up to 120fps
- Built-in underwater color correction technology
- RAW (DNG) and JPEG image capture
- 100° ultra-wide-angle lens
- Manual White Balance adjustment
- Burst shooting up to 10 images per second
- Wireless photo & video transfer via Sealife Micro 3.0+ App
- 64GB internal memory
- 2.4" high-resolution TFT LCD display
- Waterproof to 60m (200ft)
- Shock-resistant rubber armored housing
- Long-life rechargeable Li-ion battery
- Compatible with Sea Dragon lights and underwater accessories

Its intuitive one-touch operation, rugged rubber-armored construction, and wireless connectivity make it the ideal imaging solution for both recreational and professional diving applications.

SPECIFICATIONS:

- Model: Sealife Micro 3.0 Pro 3000 Color Boost
- Camera Type: Permanently Sealed Underwater Digital Camera
- Image Sensor: 16MP SONY® CMOS Sensor
- Photo Resolution: 16 Megapixels
- Image Formats: JPEG, RAW (DNG)
- Video Resolution:
- 4K Ultra HD @ 30fps
- 1080p Full HD @ 120fps
- Lens: 100° Wide-Angle Lens
- Display: 2.4" TFT Color LCD (260K Resolution)
- Internal Memory: 64GB
- Burst Mode: Up to 10 Images per Second
- Focus Range: 15 in (38 cm) to Infinity
- White Balance: Automatic & Manual
- Scene Modes: Five Land & Sea™ Scene Modes
- Underwater Color Correction: Three Built-in Color Correction Filters
- Wireless Connectivity: Sealife Micro 3.0+ App
- Battery: Internal 2000mAh Rechargeable Li-ion Battery
- Battery Runtime: 3+ Hours
- Waterproof Rating: Up to 60m (200ft)
- Construction: Rubber Armored, Impact & Shock Resistant Body
- Expandability: Compatible with Sea Dragon® Underwater Lights and Optional Macro Lenses
