SY-DIVER-SKIN WETSUITS | SY-DSWS-1MM

DESCRIPTION

The Diver Skin 1mm Wetsuit is a high-performance, single-piece suit engineered for commercial diving, oil industry applications, and warm-to-temperate water operations.

Constructed from premium 1mm super-stretch neoprene, it delivers optimal thermal efficiency without restricting flexibility or arm movement. Ergonomically tailored for a sleek, hydrodynamic fit, this suit features integrated protective knee printing for added durability during demanding underwater tasks.

Designed with dual zipper entry—a short front chest zip for quick ventilation and a full-length rear zipper with an extended pull leash—donning and doffing is quick and effortless.

It functions perfectly as a standalone full suit for tropical diving or as a high-density thermal underlayer beneath heavier wetsuits.

Available Sizes: Small, Medium, Large, X Large, XX Large and XXX Large.

FEATURES

Wetsuit Thickness: 1mm Super-Stretch Neoprene (Nylon/Lycra Lined)
Wetsuit Construction: Full-Body Steamer (Long Sleeves & Full-Length Legs)
Entry System: Full Back-Entry Zipper with Extended Leash + Short Front Collar Zip
Seam Construction: Durable High-Stretch Flatlock Seams
Reinforcement: Integrated Rubberized Anti-Abrasion Knee Prints
Neck Closure: Fitted High-Neck Collar with Secure Zipper Garage
Cuff & Ankle Finish: Low-Profile Tapered Stretch Cuffs
